IT'S ALL ABOUT

DIF FERE NCE

IT IS THE KEY OF OUR TRIUMPH
AND CREST OF CROWN

Caring culture

We are one of our area's best job providers, and our positive impact is connected to our sense of community. From our extraordinary commitment to empowering employees' personal and professional growth to supporting organizations that truly make a difference in our communities, we believe sustainability starts with responsibility.

Inspiring efficiency

We strive to use resources wisely and efficiently as we craft our products and serve our customers. Guided by the understanding that today's actions impact tomorrow's world, we remain steadfast in our energy-efficiency and renewable energy efforts, with targeted strategies to reduce waste and maintain our numerous environmental certifications.

Enduring products

The quality and durability of our products provide end users with value while reducing waste over the long term. Thanks to our built-in innovations, our products are engineered to be impact, scratch, and moisture resistant, eliminating the need for replacing worn or damaged surfaces. This generates less waste over time.

2007

Laid foundation stone of worldclass manufacturing facility at Morbi - Gujarat.

2012

achieved certification of Indian Standards Institution mark for better quality

2014

introduced new brand for 100 mm decorative laminates collection

2020

achieved 30+ service points to strengthen national network for quick services

2022

honored with IGBC member badge & green guard certification

2023

extended the production capacity by setting up new mfg. plant "SATVVA"

It's Not Overnight:
The Truth About Building a Business

Samarpan Laminates, established in 2017, has swiftly risen as a premier manufacturer of High-Pressure Laminates (HPL) in the vibrant industrial hub of Gujarat, India. Rooted in a legacy of expedition and innovation, Samarpan crafts unique surfaces that redefine interior aesthetics. We are driven by unwavering ethical standards and a collaborative spirit, fostering a culture of teamwork that permeates every aspect of our operations.

Our commitment to quality is paramount, ensuring that each laminate reflects meticulous craftsmanship and enduring durability. Leveraging cutting-edge technology and premium materials, Samarpan delivers superior finishes that elevate any space.

Solidifying our position as a trusted partner for architects, designers, and homeowners alike. We are not just manufacturers; we are creators of surfaces that inspire and endure. Our dedication to superior quality and customer satisfaction propels us forward, ensuring that Samarpan remains synonymous with excellence in the laminate industry.

A Guide
To Deciphering Iconographic Representations

NOBLE
COLLECTION
2011 - 2025

Prepare to witness the dawn of a new era in design. In 2025, we proudly unveil the Amazing Noble Collection 2.0, a testament to enduring elegance and cutting-edge innovation. This groundbreaking launch follows the legacy of our original Noble Collection, introduced in 2011, which redefined industry standards with its unparalleled craftsmanship and breathtaking aesthetic. That inaugural collection, a true pioneer, set the benchmark for exquisite textures and flawlessly replicated natural finishes, captivating designers and homeowners alike.

A Journey of a Thousand Miles Begins with One Step.

Environmentally friendly manufacturing practices are essential for a sustainable future. These practices focus on reducing waste and emissions, conserving resources, and prioritizing responsible practices. By implementing these practices, we can create a greener future where industry and the environment can thrive together.

What is EFL?

"Emission-free laminates" typically refer to products that have minimal to no harmful emissions during their manufacturing process and throughout their lifecycle. Here's a breakdown of what that might entail

By choosing emission-free laminates, you can contribute to a healthier indoor environment ensuring minimal formaldehyde release.

Our laminates that are durable and long-lasting, reducing the need for frequent replacements and minimizing waste in the long run which emphasis sustainable future.

Quality built in:

Quality is built into the product during every stage of manufacturing, not just tested into the final product

Proper equipment:

Equipment is calibrated regularly to ensure it's fit for purpose

Cleanliness:

Premises and equipment are kept clean to prevent cross-contamination

Trained personnel:

Personnel are educated and trained in GMP

HIGH PRESSURE LAMINATES (HPL)
SPECIFICATION AND TECHNICAL CHARACTERISTIC

AREAS OF APPLICATION

Premium grade laminates for interior applications like furniture wardrobe, drawer, paneling, creative cutting and other applications where the printing quality is opus of natural colors and figures.

HPL LAMINATES PROPERTIES AS PER IS:2046-1995

Core Material	High Pressure Decorative Laminates Engineered with premium decor papers, uniform structured with absorbent craft impregnated in pure phenolic resin for better flexibility and ultimate surface quality	
Thickness	1.00 MM [± 10%]	
Resistance to surface wear	350 (Revolution)	
Resistance to immersion in boiling water	Mass Increase	10.0% Maximum
	Thickness increase	11.8% Maximum
Resistance to dry heat 180° C	Not Worse then 4	
Dimensional stability at deviated temperature	Longitudinal	0.550 Maximum
	Transverse	1.025 Maximum
Dimensional stability at 20° C	Longitudinal	0.375 Maximum
	Transverse	0.600 Maximum
Resistance to impact by small diameter ball	20N Minimum	
Resistance to cracking	Not worse than 4	
Resistance to scratching	2N Minimum	
Resistance to staining	Not worse than 5	
Resistance to color change (wool standard)	In xenon arc light	Not worse than 6
	In enclosed carbon arc light	Not worse than 5
Resistance to steam	Not worse than 4	
Formaldehyde emission class	E 1.0 according to global standards	

For Seamless Cabinetry Systems

Our verbal and written advice with regard to usage is based on our experts opinion and standardized assumptions and is provided to the best of our knowledge. the intended use of Finedge and Rehau products is described comprehensively in the technical product information. We aim to save your efforts and choose the perfect edgeband for seamless edge of furniture.

**we advice to ask finedge / rehau dealers for the sample prior the order or application to furniture

Just Think about Concepts!

Not about upkeep

Whether the application requires a spotfree smooth surface, impression less antifinger technology with stain free properties or reduced scratch and maintenance. A vast array of solutions already exists to provide whether antifinger, water repellence or cleanability. However, it is a challenge for designer to balance all these benefits in a single solution. Aiming at serving this wide range of needs, FINETOUGH® has developed the breakthrough SAS Series.

- Anti Finger
- Soft Touch
- Anti Scratch
- Spotless Matt
- Stain Free
- UV Resistant
- Thermal Healing
- Anti Virus

samarpan meaning in sanskrit (bhagwat gita)

नियतं कुरु कर्म त्वं कर्म ज्यायो ह्यकर्मणः।
शरीरयात्रापि च ते न प्रसिद्ध्येदकर्मणः ॥३-८॥

Samarpan Laminates is a leading manufacturer of decorative laminates based in Morbi, India. With a strong commitment to providing the finest range of high-pressure and compact laminates, Samarpan offers two product ranges, 'Finoble' and 'FineTouch', to cater to the diverse taste and affordability of its customers. The company's expert management team has successfully embraced sustainable design solutions, and its motto of 'Dedication' reflects its dedication to providing the best products to its clients.

Samarpan's vision is to build a corporate image as an ecologically, socially, and environmentally conscious company in the luxurious laminates industry, while also offering better opportunities for employee growth and welfare.

SURFACES

THAT ENHANCE FEEL

ALLURING

HUES OF PASTELS

Just Think about Concepts! Not about upkeep

Whether the application requires a spotfree smooth surface, impression less antifinger technology with stainfree properties or reduced scratch and maintenance, A vast array of solutions already exists to provide whether antifinger, water repellence or cleanability. However, it is a challenge for designer to balance all these benefits in a single solution. Aiming at serving this wide range of needs, FINETOUGH® has developed the breakthrough SAS Series.
